Vacation Time!

As you go through life and all of the good things that it brings, you may not always be at home when an illness or injury occurs. That is when you really find out what you have for an insurance company. As an agent, I pride myself in educating you any opportunity that I can on just how valuable your coverage is for the financial protection that it offers, as well as how to use the benefits.

With Wellmark's Go Mobile App you can search providers for medical, dental, or mental health care and map them using GPS technology.

Find a medication — check availability, generic name, and local brand name.

Access information — find embassy information including location, contact, and GPS technology.

Translate medical terms and phrases — many symptoms and situations are covered; use the audio feature to play the translation.

File Claims

File an international claim conveniently and securely. Claims may be submitted for covered services outside the United States, Puerto Rico and the U.S. Virgin Islands.

Blue Cross Blue Shield Global Core Travels With You

Use your mobile device to quickly connect to medical care across the globe for anything from emergency needs, to finding the local equivalent for a prescription, to translating your symptoms, to finding the right doctor at home or abroad.

Information When You Need It

With a few simple taps, find primary care physicians and specialists, as well as a broad range of hospitals, pharmacies, even dentists — where you are, when you need it.

Download

The Blue Cross Blue Shield Global Core mobile app is available for Apple and Android devices. Visit the appropriate app store to download the latest app for your device. If you have questions about Blue Cross Blue Shield Global Core, call the Service Center at +1.800.810.BLUE (2583) or collect at +1.804.673.1177 for assistance.

If you have questions about your coverage needs, we have been here to help for 39 years. We offer a host of quality companies and products to suit your ever-changing needs. Please visit our website to learn more or simply give us a call. Covering all of your insurance needs proportionately allows you to be safe and secure within your budget. *

Learn more about us on our website www.searsinsurance.info, or follow our RSS feed and "like" us on Facebook to receive the most current information. Ask about Blue Rewards - an exciting new product that is a collaborative effort utilizing the homegrown and trusted resources of Wellmark, Hy-Vee and UnityPoint.

Let's start with the scenario of you or your loved ones are outside your home area:

Get Care Anywhere Through Blue Cross Blue Shield Global®

Depending on your plan, the Blue Cross Blue Shield Global Core program enables Wellmark members to access health care and emergency services in other Blue Cross and Blue Shield Plan areas across the country and around the globe. In fact, if you travel abroad, you can count on a network of more than 9,000 hospitals and 21,000 health care professionals and outpatient care centers around the world. To take advantage of the Blue Cross Blue Shield Global Core program:

- Always carry your Wellmark Blue Cross and Blue Shield member ID card.
- In an emergency, go directly to the hospital.
- Call 800-810-BLUE (2583) or use the Doctor and Hospital Finder External Site to find doctors and hospitals outside of your Blue Plan area.

You can also talk to a nurse, day or night, any day of the week with our **BeWell 24/7SM** line. When you call 844-84-BEWELL, you'll be connected with a real person who can help you and you will not incur a charge:

Locate health care providers and facilities — whether at home or traveling

- Estimate costs for common medical procedures
- Coordinate health care appointments or in-home health help
- Discuss treatment options and answer your health and wellness questions
- Make arrangements for community-based services you or a family member needs (in-home safety modifications, meals, medical equipment, transportation and more)

Unless your injury is life threatening or needs immediate treatment, use this process to get appropriate care. Doing so can save you wait times and money on higher copays and deductibles.

As an eligible Blue Cross and Blue Shield member, you can use this website to find doctors and hospitals outside of the United States, Puerto Rico and U.S. Virgin Islands. You can also find other valuable resources to help you stay safe and healthy around the world.
